#### **SB 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017**

**WHEREAS**, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

**WHEREAS**, SB 1 includes accountability and transparency provisions that will ensure the residents of our City of Pinole are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

**WHEREAS**, the City of Pinole must adopt by resolution a list of all projects proposed to receive funding from the Road Maintenance and Rehabilitation Account, created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

**WHEREAS**, the City of Pinole, will receive an estimated \$326,719 in Road Maintenance and Rehabilitation Account funding in Fiscal Year 2019-20 from SB 1; and

**WHEREAS**, SB 1 funding received by the City of Pinole will allow the City of Pinole to perform essential road maintenance and rehabilitation projects, safety improvements, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

**WHEREAS**, on March 19, 2019, the City of Pinole presented at a public meeting the March 12, 2019 Pavement Management Program P-TAP 19 Budget Options Report to again reinforce the City's "fix it first" project selection process used to prioritize projects identified within the Report; and

**WHEREAS**, the City of Pinole used Scenario 5 of the Budget Options to develop the SB 1 project list to ensure SB 1 funds are being used in the most cost-effective projects that also meet the community's priorities for transportation investment; and

**WHEREAS**, the funding from SB 1 in FY 2019/20 will help the City of Pinole maintain and rehabilitate more sections of streets throughout the City of Pinole this

year, and SB 1 funding in future years will help us tackle essential road maintenance and rehabilitation projects, safety improvements, and increasing access and mobility options into the future; and

**WHEREAS**, the City of Pinole's streets and roads currently have a Pavement Condition Index (PCI) of 62 and experienced a decline of 8 points from our prior PCI of 70 assessed in 2015 and this revenue will help us address the decline in the overall serviceability of our road system, and over the next decade will assist in bringing streets and roads into good condition; and

**WHEREAS**, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.
