Pinole City Council

It is hard to believe that some on the Pinole city council now want to change the current rotation of the mayor just in time to deny Maureen Toms her rightful place as Mayor of Pinole.

The current mayor should not be allowed to vote on this since this would directly benefit him. If he is allowed to vote then this would make it even more unbelievable.

Myself and my entire family are against a resolution denying Maureen Toms her rightful place as Mayor of Pinole. Why are you wanting to deny her this?

I am writing to request that the city of Pinole retain the standing mayoral rotation protocol. This is important as it removes the politics from the mayoral position.

Thanks,
Ann Moriarty

Dear Pinole City Council,

I object to the suggestion of changing the process for selection of City Mayor. Since the voters do not vote to elect a mayor, this is, and has been the best and most equitable means of governing.

Pinole City Council,

It is my understanding that the council is considering a vote tomorrow to change the process for who will be our next Mayor. I am confused on why this is even being considered and am against such an unnecessary change.

Please vote against this and show support for Maureen Toms to be our next Mayor as the current process states. She is a reputable, hard working, valued, fair, and an experienced leader in our community. I strongly support and respect her as many do in our city.

I have bcc'd other residents who I am encouraging to show their support for Council-member Toms as well.

Thank you for your service and time.
