good evening Mayor Rubin, Council Members and City Staff, I have some comments for the Record

I do think that Mr. Murray has done a phenomenal Job as the city Manager for Pinole

and he represents the city in attending not only City Council, but the West County Mayors & Supervisors Association

Sincerely
Cordell

good Evening Mayor Rubin, council members and city Staff, I have a couple of comments for the Minutes

1. for a future agenda item, the council should consider inviting Stephen Baiter to provide a presentation on how Businesses should be able to bounce back from the pandemic.
2. also to have the city consider working with Koff & Associates to do the class & comp study

Sincerely
Cordell
