CITY COUNCIL
REPORT

## DATE: NOVEMBER 17, 2020

TO: MAYOR AND COUNCIL MEMBERS

FROM: GENIE ROCHA, FINANCE CONSULTANT DEBBIE LONG, CITY TREASURER

## SUBJECT: RECEIVE THE QUARTERLY INVESTMENT REPORT FOR THE QUARTER ENDING SEPTEMBER 30, 2020

## RECOMMENDATION

Receive the Quarterly Investment Report for the quarter ending September 30, 2020.

## BACKGROUND

The City of Pinole Investment Policy requires that a Quarterly Investment Report be submitted to the City Council. The attached Investment Report for the quarter ended September 30, 2020 conforms to the City's Investment Policy as well as all applicable State and federal requirements, particularly California Government Code Section 53646.

The funds that the City invests, and which are reported in the Quarterly Investment Report, are comprised of cash and investment balances across all City funds. For example, the City's General Fund (Fund 100) has cash and investments of \$2,220,427 which is part of the total General Fund fund balance. (In addition to cash and investments, fund balance also includes receivables.) The Sewer Funds (Fund 500 and 503) have cash and investments of $\$ 15,166,466$. The cash and investment balances across all City funds are "pooled" for investment purposes, with the exception of the General Reserve, which is discussed further below. Interest earned on investments is allocated to the various funds based on the cash balances of those funds.

## REVIEW AND ANALYSIS

All investments held at September 30, 2020 conform to the City's Investment Policy and all applicable State and federal requirements.

## Investment Instruments

The City Treasurer and Finance Director select the instruments in which to invest the City's funds in order to best meet the objectives laid out in the City's Investment Policy. The balances held in different investment instruments at September 30, 2020 are noted in Attachment A and summarized in the table below. The bulk of the City's investment funds are invested in the State of California's Local Agency Investment Fund (LAIF),
because of the safety and liquidity of the investment pool. LAIF and other pooled funds (CalTrust) make up 73.5\% of the City's investment portfolio. Money Market and mutual funds comprise $9.37 \%$ and are maintained for cashflow purposes. Long-term investments (those with maturities greater than one year, such as Certificates of Deposit, MediumTerm Corporate Notes, and Federal Agency Securities) make up 17.13\% of the City's portfolio. These long-term investments yield greater interest earnings for funds that are not needed for short-term cash flow purposes.

Funds in the City's General Reserve are maintained in an account that is separate from the rest of the pooled funds. This enables the Finance Director to implement a directed investment plan for the General Reserve funds. The City's practice has been to invest these funds in instruments with longer duration, thereby yielding greater investment earnings.

| Investments | Market Value | \% of Portfolio |
| :--- | ---: | ---: |
| Investment Pool - LAIF | $27,308,413$ | $65.44 \%$ |
| Investment Pool - CalTrust | $3,364,117$ | $8.06 \%$ |
| Money Market Savings | $3,580,954$ | $8.58 \%$ |
| Mutual Funds | 328,110 | $.79 \%$ |
| Certificates of Deposit | $4,337,880$ | $10.39 \%$ |
| Medium-Term Corporate Notes | $2,312,150$ | $5.54 \%$ |
| Federal Agency Securities | 500,900 | $1.20 \%$ |
| Investment Total | $\mathbf{\$}$ | $\mathbf{4 1 , 7 3 2 , 5 2 5}$ | $\mathbf{1 0 0 . 0 0 \%}$.

## Investment Yield and Duration

The aggregate yield of the City's investment portfolio for the quarter ended September 30, 2020 was $1.053 \%$, summarized in the table below. LAIF yields have decreased over the past year and are lower than long-term investment yields in most cases. Money market savings accounts earned 0.040\% interest. Long-term investments yielded 1.605\% on average. Earnings on investments held until maturity typically fluctuate with market conditions and are considered "unrealized" prior to maturity. The City expects to yield a gain on all investments at maturity.

| Investments | September 30, 2020 <br> Yield | September 30, 2019 <br> Yield |
| :--- | ---: | ---: |
| Investment Pool - LAIF | 0.685 | 2.390 |
| Investment Pool - CalTrust | 0.365 | 1.940 |
| Money Market Savings | 0.040 | 0.063 |
| Mutual Funds | 0.995 | 1.750 |
| Certificates of Deposit | 1.621 | 2.032 |
| Medium-Term Corporate Notes | 2.513 | 2.710 |
| Federal Agency Securities | 0.680 | 2.015 |
| Average Yield | $\mathbf{1 . 0 5 3}$ | $\mathbf{1 . 7 7 7}$ |

The Federal Reserve has kept interest rates unchanged since March 2020. The Federal Funds yield has historically been similar to LAIF's yield (Pooled Money Investment Account (PMIA)) (see chart below). Currently the Federal Funds yield is below LAIF.

## Cash Flows

The funds held in investments, as well as the very small amount of funds that the City maintains in traditional bank savings accounts with Mechanics Bank and which are not reported in the Quarterly Investment Report, provide the working capital for the City's operations. There are sufficient funds as of September 30, 2020 to cover anticipated expenditures through the next six months.

## Investment Strategy

The City utilizes a passive investment management approach by buying and holding securities until maturity. A "laddered maturity" investment strategy is applied to the longterm portion of our investment portfolio. A laddered portfolio is structured with securities that have different maturity dates. As securities are called or mature, proceeds are reinvested in a new security with another long term at the end of the ladder. Laddering helps to minimize interest-rate risk, increase liquidity, and diversify credit risk.

Staff continues to monitor rates of return on City funds invested and make modifications to best achieve the objectives laid out in the Investment Policy.

## FISCAL IMPACT

There is no fiscal impact from receiving the Quarterly Investment Report.

## ATTACHMENTS

*Not included in yield calculations
The above investments are consistent with the City's Investment Policy and allowable under current legislation of the State of California. Investments were selected using safety, liquidity and yield as the criteria. The source of the market values for the investments are provided by US Bank in accordance with the California Government Code requirement. The City has sufficient cash flow to cover anticipated expenditures through the next six months.
